

Corporate Social Responsibility (CSR) Policy

Aim: Oden has developed this Policy as a means of expressing our commitment to the community, wider society and the environment.

Oden is committed to being a good neighbour, concerned for the community and the environment. We continually strive to improve our performance, ensuring that our activities contribute to the sustainable development of the communities in which we operate. Our CSR policy covers all initiatives and practices deemed to have a positive impact on the community and environment, including those seen as 'core' to providing and promoting IT Recycling, widening participation and raising skill levels.

We have eight Corporate Management Team-approved priorities for community investment.

1. Environmental sustainability.
2. International student placement
3. Work with our partners to deliver the right solution locally.
4. Staff volunteering.
5. Adding to the economic, social and cultural fabric of our local community.
6. Fairtrade.
7. External and Strategic Development and Research
8. Sustainable and ethical procurement.
